Food Hygiene

This workshop is FREE to parents who are registered with our Children's Centres.

Please call to register your interest.

A one day course which leads to the CIEH 'Level 2 Award in Food Safety.

Everyone who handles food must make sure that it is safe to eat. There will always be food safety hazards, but they can be controlled if you understand how food becomes contaminated and how to prevent this from happening.

This is an ideal course for all food handlers or for those looking to start a career within a catering environment.
